**PRIME MINISTER BROWNE
ADDRESSES
THE MEMBERS
OF
THE ANTIGUA AND BARBUDA DIASPORA
CELEBRATING
THE 41ST ANNIVERSARY OF INDEPENDENCE**

Greetings to all Antiguan and Barbudans dwelling in places outside of our beloved country. I wish each and every citizen, living abroad, a blessed and enjoyable 41st Anniversary of Independence.

Fifty-five years ago, on 27 February 1967, the most important step towards national freedom—taken by a generation that is no longer in leadership—was masterfully exercised. Our country's leaders were far from satisfied to have control over the nation's domestic affairs only, and not yet permitted to exercise leadership over defense and foreign affairs.

Fourteen years would then pass when, on 1st November 1981, the ultimate step would be taken. Antigua and Barbuda won its sovereignty. Since that date to the present, life chances on Antigua and Barbuda have increased significantly.

Our country's gross domestic product (GDP) has moved from a paltry \$323 million dollars in 1981, to more than \$1,500 million dollars in 2021. The economy is five times as productive now as then. Covid-19 impacted our growth in 2020, since borders were closed to prevent the disease's spread. Nevertheless, the current administration has been spectacular in its many achievements.

The placement of a Fourth Landed Campus of the University of the West Indies at Five Islands, Antigua, is surely the greatest accomplishment of this administration, taking our country's education to the next level. The PLH investment in Barbuda, destined to exceed US\$1,000 million dollars, is the largest tourism project in our generation's lifetime. The new runway, new resorts and other tourism projects on Barbuda will change the opportunities and trajectory of Antigua and Barbuda, moving us closer to being an Economic Powerhouse.

Those of our brethren who left Antigua and Barbuda many years ago for the purpose of acquiring tertiary level education, or in order to earn a higher income, may soon find that those reasons for leaving our native land no longer apply to your young family members and youthful others, living in Antigua and Barbuda today. Conditions are changing rapidly, thanks to sound policies and intelligent decisions.

The evidence nevertheless shows that those Antiguan and Barbudans who live in the metropolises have been very good to their relatives and friends who have traveled abroad for education, training and exposure. You have welcomed us into your homes, provided succor and comfort, and you have always rejoiced in our success. I thank you on behalf of all Antiguan and Barbudans.

May the blessings of our ancestors continue to pour down upon your heads, and may you sing as the last line in our national anthem commands: Defend Her Liberty.

Honourable Gaston Browne M.P.
Prime Minister

Independence Greeting from the Consul General

Fellow Antiguan and Barbudans,
Happy 41st anniversary of Independence!

On the occasion of Antigua and Barbuda's 41st anniversary of Independence, I am pleased to extend warm greetings to all Antiguan and Barbudans in the Canadian diaspora. This year's independence anniversary celebrations are being held under the theme "moving forward with unity, strength, and stability."

I am delighted also to extend best wishes to the Antigua and Barbuda Association of Montreal as you host your annual independence anniversary banquet. The Association continues to nurture a sense of patriotism, pride and community among the Antigua and Barbuda diaspora living in Montreal and the surrounding areas - Community building and connection are integral parts of nation-building.

As I reflect on the significance of this milestone in our nation's history, I am reminded that our Independence in 1981 was a comma, not a period, because nation-building is a continuous process that requires all Antiguan and Barbudans at home and in the diaspora to work together in unity and purpose. Nation-building needs us to inspire and uplift, to use our talents to support development, strengthen socioeconomic growth, to defend and protect the most vulnerable among us, and to preserve our environment. As Hebrew 10: 24-25 says, *"let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another and all the more, as you see the Day drawing near."*

I close as I have done in previous years with a reminder - that we continue to be thoughtful in our words, show kindness, and extend grace to one another. As the saying goes, 'everyone you meet is fighting a battle you know nothing about, be kind always.

May God continue to guide and bless you and your families.

Dear Friends,

As the Member of Parliament for Mount Royal, it is my pleasure to welcome you all to the Antigua and Barbuda Association of Montreal's special banquet event in celebration of Antigua and Barbuda's 41st anniversary of independence.

I am thrilled that you will finally be able to gather safely in person for a special celebration of Antigua and Barbuda's history, heritage and traditions. Canadians who have their origins in Antigua and Barbuda, together with Canadians whose roots lie in other Caribbean nations, are a vital component of the diverse cultural makeup of the Mount Royal riding and the entire Montreal region. Organizations like the Antigua and Barbuda Association of Montreal play an essential role in the preservation of your distinct cultural heritage and traditions, and I applaud you for all of your work to this end.

Antigua and Barbuda Association of Montreal President Juleen Barrington and Public Relations Officer Erene Anthony are very important community leaders who's outstanding work on behalf of your community and the English-speaking Black community in and around Montreal as a whole cannot be understated. Thank you very much for all that you do and for giving me the opportunity to share my words of welcome with you all. A MESSAGE FROM CITY COUNCILLORS STEPHANIE VALENZUELA AND SONNY MOROZ

Dear Friends,

Tonight's theme of Preserving our History is significant and has never been more important. On August 1st we marked the 188th anniversary of Emancipation Day, which denotes the day in 1834 when the United Kingdom took the first very tentative steps toward the abolition of the odious institution of slavery in all the territories of the British empire. And we mark on August 23, the International Day for the Commemoration of the Transatlantic Slave Trade and its Abolition. Together these two occasions allow Montrealers to broaden their knowledge of this dark chapter of human history and of the grief and misery it caused to individuals, families and societies; causing death and suffering, sundering families apart and condemning millions to lives of oppressive labour most often under very cruel conditions.

We are delighted to see the Antigua and Barbuda Association of Montreal actively promote events to educate Montrealers and to promote excellence in the community. They give youth a strong start through the projects they provide in Cote-des-neiges and will ensure that the next generation of capable workers, entrepreneurs, business leaders, innovators and tradespeople achieve greatness and have success in our city. Thank you to Honouree Ms. Elaine Nixon and Keynote Speaker Mr. Michael Farkas for all your efforts to improve our city and bienvenue to Consul General Ms. Ann-Marie P. Layne for your dedication to the community and to cultural promotion in Montreal.

We were elected in November 2021 and we are proud to represent the Antigua and Barbuda Association of Montreal and we will continue to advocate for more funding and opportunities for the tireless executive board and the volunteers led by President Juleen Barrington and guided by over 40 years of experience and leadership in support of the advancement of Canada and Quebec's Caribbean communities.

Yours truly,

Let's all give three cheers to Independence Day.

Where fruits, flowers and vegetables grow

As our small island of Antigua glows.

"Moving Forward with Unity Strength and Stability"

Fellow Antiguan and Barbudans,
Happy Independence.

Message from the
President

I wish to extend warm greetings and congratulations to all Antiguan and Barbudans here in Montreal. We are celebrating this Independence during challenging times. To those who have lost loved ones or who have been affected by covid-19, know that the Association stands in solidarity with you and your family at this time.

Every year our Independence should be celebrated as a victory. Our twin island state continues to be the destination of choice for visitors across the globe; our Antiguan black pineapple is among the sweetest and our sister isle Barbuda with its pink sands is home to one of the largest frigate bird populations.

I am grateful for the opportunity to celebrate our 41st Anniversary of Independence with you, highlighting our Theme: "Moving Forward with Unity Strength and Stability".

This summer 2 barrels were shipped to the Fiennes Institute.

In the barrels were individual care packages that contained hygiene supplies such as toothbrushes, toothpaste, soap, shampoo and condition, lotion, deodorant, shaving cream, razors and T-shirts for the residents. Let us continue to work together in the pursuit of excellence for our beloved homeland.

The Association continues to play a pivotal role in strengthening the sense of patriotism among Antiguan and Barbudans in Montreal. It is our way of maintaining our heritage, fostering love for our community, and building camaraderie. The heart of our Association keeps beating by our members and volunteers.

This year we have decided to make a donation to the Heart and Stroke Foundation of Quebec.

Tonight, I would like to say Congratulation to our Honouree Ms. Elaine Nixon and thank her for her dedication and service to our Association.

The Bursary fund is another way of Moving Forward with Unity Strength and Stability. Let us plan for our young people and in doing so allow the next generation to achieve their educational goal.

Let us not forget the contributions of our fellow Antiguan and Barbudans who have passed before us.

I extend best wishes for an enjoyable Independence celebration.
May God continue to bless each one of us.

"Moving Forward with Unity Strength and Stability"

The late Ada Moore was one of many Antiguan domestic workers who arrived in Canada in 1959 and spent her first year in Calgary. She later moved to Montreal, contacted other Antiguanos who were living here and some years later, in 1970 was one of the founders of the Antigua & Barbuda Association.

Over the years, Miss More was quite vocal in matters related to the Association as well as Antigua and Barbuda. Her continuous service was priceless to our community. During her service as member of the Executive, we recall her laughter and the sense of humour with which she often summoned us to action.

Miss Moore was dedicated, hardworking and always saw the glass as half full. As a founding member and pillar of the Association, in 1997, Miss Moore was made a life time Honorary member for her contributions.

For this exemplary volunteer service to the Antigua and Barbuda Association, tonight, we are pleased ask her niece Elaine Thomas to make presentation to two deserving students in her memory. The scholarship is awarded to students of Antiguan and Barbudan parentage with high academic achievement who intend to pursue programs at the college level.

DJ

Kenny aka Big Worm

Kenny Andrew was born and raised in Antigua in a village called Freemans Village located in the center of the island.

Growing up in Antigua Kenny learned life values of self-reliance, self-discipline, and respect for his elder. At the age of 18 Kenny joined the group Junior Chamber International (JCI), a young entrepreneur and leadership training organization where he gained a lot more knowledge of being a more responsible and professional person. This organization also helped him to channel positive energy in order to create a positive outcome in most situations.

In 2010 Kenny migrated to Montreal where he had to learn and adapt to many changes and soon quickly had to use the knowledge he gained growing in Antigua to survive in a city that he now calls home.

Even though Kenny was working as accountant back home in Antigua, he decided to pursue his real passion as DJ and make it his full time Job when he moved to Montreal. Kenny is a very talented DJ and it didn't take long for people to realize his talent, and with his humble personality Kenny aka DJ Big Worm became a household name as one if the top DJs in the city.

Over many years Kenny has provided the music for our Independence celebration, and we certainly appreciate that service.

IN MEMORIAM

Rudolph (Binkey) Williams

Sunrise: October 1942 Sunset: June 29, 2022

Binkey, as he was fondly called was born in St Johns Antigua and emigrated to Canada in 1977.

He was a friendly, lighted, humourous guy who socialized by playing cricket and dominoes. He had an insatiable appetite for anything with Flour.

Binkey was a faithful member of St Phillip's Anglican Church for over 40 years and supported the activities of Antigua and Barbuda Association for as many years.

For Binkey, "Life is but a stopping place, a pause in what's to be."

May his soul rest in eternal peace and rise in glory.

Ralph Barnes

Sunrise: January 6, 1949 Sunset: October 6, 2022

Ralph was born in Barnes Hill village and attended the St Georges Anglican Church.

He passed suddenly while attending his brother's funeral in Antigua.

He was the wife of Rosalind Martin Barnes and father of six.

Ralph emigrated to Montreal in 1984 and was an active member in the Antigua and Barbuda Association.

He was generous with his time and resources. Members always looked forward to his spicy goat water and tasty bread and rolls.

We treasured his service to the Antigua and Barbuda Association and were saddened by his sudden passing..

He has 28 grandchildren and 5 great-grandchildren

May his soul rest in peace and rise in glory.

Antigua "Black" Pineapple

In a region where fruits come in a variety and are renowned for their taste and texture, the Antigua Black is wildly re-garded as a delight of the Caribbean. With a history that traces back to the Arawak Indians coming from South America "about the time of the first Christmas," pineapples were called Boniama or Yayama and "believed to be food for the Gods." The Antigua variety of pineapple is known as the "Black". And it is described as having a dark green color when it is most delicious, but is smaller than other commercial types. This variety ripens to agolden glow. It is juicy, sweet, and full of flavor. A tasty wine was made from the fruits and pineapples.

The Antigua & Barbuda Association of Montreal

The Antigua & Barbuda Association of Montreal Inc is a non profit organization. It was founded in 1970 to bring nationals together so that we could support each other, share the common bonds of our twin island that we hold dear and allow us to maintain our rich cultural heritage. Apart from providing a forum for discussions of matters of interest to Antiguan and Barbudans living around Montreal, the organization has since developed aims and objectives that provide cooperation with organizations, on matters of concern. Over the past 51 years the Association has promoted a channel of communication with the wider community. To that end it, it promotes social activities throughout the year. It provides medical equipment and supplies the Mount St John's Hospital in Antigua and designates personnel that make visits to nationals and others who are in hospitals and nursing homes in the city. Cognizant of the need to foster high achievement in education for our youths and continued need to foster good health, it strives to provide a college bursary or two, each year as well as make donations to community health related organizations. In the year ahead the association will make every effort through its activities to join our nationals at home to promote our theme **Resilience Reflection and Recovery**
